Re: 2010 small forage fish tissue chemistry data for the Lower Passaic River Study Area

Dear Dr. Law:

The U.S. Environmental Protection Agency (EPA) has reviewed the Lower Passaic River Restoration Project, Lower Passaic River Study Area RI/FS, 2010 Draft Small Forage Fish Tissue Chemistry Data for the Lower Passaic River Study Area, submitted to EPA on July 18, 2012, prepared by Windward Environmental LLC, Seattle, WA on behalf of the Cooperating Parties Group (CPG).

EPA approves the responses to comments and the revised report submitted to EPA on January 15, 2014. Please finalize the report in accordance with Section X, Paragraph 44(a) of the Agreement.

Sincerely,

A handwritten signature in dark ink, appearing to read "Diane Salkie", is positioned below the "Sincerely," text.

Diane Salkie, Remedial Project Manager
Lower Passaic River Study Area RI/FS
